Event Overview

Imagine a home designed for the way you live now, easy to maintain, beautifully considered, and part of a welcoming over-50s community where connection comes naturally. That's the vision behind Vantage Logan Reserve, and we're delighted to share that Stage 1 is now selling. Vantage Logan Reserve is about more than downsizing. It's about gaining freedom, with less upkeep, more time for the things you love, and the confidence of knowing your home and community are thoughtfully designed with your future in mind. From well-planned, low-maintenance homes to the promise of resort-inspired shared spaces and a relaxed, social lifestyle, everything is designed to help you bring more to life. If you're starting to think about what's next, we invite you to explore the community and see what's coming. Reg
